TERMS, ETC.

PRICES named in this Trade List apply only to orders placed by nurserymen, florists and dealers.

PACKING. All goods are carefully packed in boxes or bales, for which we make a charge sufficient to cover cost of material used. Please state whether goods are to be shipped by express or freight and name route. After delivering to forwarders, all articles are entirely at the risk of the purchasers, and if any loss or delay occurs the forwarders alone must be held responsible.

CLAIMS, if any must be made immediately upon receipt of goods, when they will be carefully examined, and if just, made satisfactory, but in no case are we responsible for more than the purchase price of the stock in question.

TERMS. We offer the usual terms, net 30 days from date of invoice, to those of known responsibility but must have satisfactory business references from others or cash must accompany order. Those desiring stock shipped by express C. O. D. will please remit one-quarter the amount of their purchase when ordering.

NON-WARRANTY. We give no warranty expressed or implied, the purchaser assuming all risk and responsibility of transportation, planting, growth life of stock or any other matter on any stock we sell. We exercise the greatest care to keep our stock true to name and are willing to replace, on proper proof, all stock that may prove otherwise, or refund the amount paid, but it is mutually agreed that we shall not at any time be liable for a greater amount than the original purchase price.

TELL US HOW TO SHIP. Whether by freight or express and give railroad delivery if by freight.

PLAN TO VISIT OUR NURSERY

We will certainly be glad to have you come and see our stock for yourself. We have many items in too small lots to list. Among them there may be some that you are especially desirous of securing

We are located on the Eastern Shore of Maryland about sixty miles south of Dover, Del. and can be reached by good paved roads from all directions. See road map on last cover page.

ABOUT OUR LINING-OUT STOCK

We believe we are being recognized as one of the leading growers of Lining-Out stock. Our sales last spring were about as they were the year before. This was better than we expected considering general business conditions. We are looking forward to an increase this season as business seems to be more optimistic than for some time. Let's all do our part in helping bring back business to normal.Many of our customers say the stock they receive from us is the best they have ever received from any nursery. We aim to send you a little better stock and a little more for your money than you have been usually getting. And, if at any time the stock we send you is not up to your expectations or what you think it should be we want to know about it as we do not want your business unless we can make you feel by the stock you receive from us that you are getting your money's worth.

We are offering many new items this season and believe you will find listed herein one of the best and most complete assortments of lining-out stock that is being offered by any grower in the east today. You will also notice that our prices in most cases have been greatly reduced. The growth of our stock the past season has been very good. Our overhead system of irrigation (about ten acres) has helped us keep the stock growing without any setbacks the entire season. You should come and see it.

We know prices on specimen stock are lower than they have been (ours are too) but prices of most all things grown or manufactured are lower. From surveys that have been made we find the nursery business in good shape as compared to many other lines of business. Another bright side to the nursery business is that many of the growers who went into the growing of nursery stock as an easy way to get some big money have dropped out and to the ones who keep going along we believe it will still pay to keep up their assortment of good stock and to add some of the newer things each season. This is what we are trying to do and our volume of sales has shown an increase over the previous season for several seasons.

Nearly all of this stock has been one or more times transplanted. That which has not been is designated by the letter S which signifies that it is a seedling.

We hope you can come and see our stock, how we grow it and just how nice it is but if you cannot come we will be glad to show you by the quality of stock that we hope to send you.

We are equipped to grow Lining-Out stock in large quantities and will be glad to talk over the growing of your stock for you. We have very good soil with necessary equipment to do it economically.

USEFUL BOOKS

Everyone interested in growing or selling nursery stock should have these books. There is a world of information that cannot be had elsewhere and many times one of the ideas contained therein will be worth many times the cost of the book. Our arrangements with the publishers enables us to offer them postpaid at their regular prices. Make your order out now.

Azaleas and Camellias, by H. H. Hume. Every point about growing both of these shrubs is carefully explained here—soils, time and method of planting, cultivation, mulching, pruning, frost protection, feeding, pot and tub culture, pests and diseases, and propagation. This information holds good for every region where either shrub is grown, indoors or outdoors. 14 illus., 90 pages. The best book on Azaleas we have found. **$1.50**

The Book of Perennials, by A. C. Hottes. A veritable storehouse of information about Perennials and is indexed is such a way that one cannot fail to build a marvelous perennial garden or bed. A number of comprehensive lists of perennials suitable for different locations and purposes are featured. Both interesting and instructive for amateur as well as professional. **$1.50**

The Book of Shrubs, by Alfred C. Hottes. Right up to date with the most recent data on Shrubs; propagation, soils, etc. Contents includes propagation by seeds, cuttings, grafting, budding and divisions, insects, diseases and remedies, pruning, acid, neutral and alkaline soils, fertilizers, transplanting and planting, etc. 180 illustrations, 448 pages. **$3.00**

Commercial Floriculture, by Fritz Bahr. **A practical manual for the Retail Grower.** Based on the author's experience of half a century. Covers a general review of the florist's business, its opportunities and its responsibilities,together with all types of plant, tree, shrub and vine the reader is likely to handle. There are more than 300 illustrations, the majority of them from photographs, picturing every phase of all sides of the business and the great majority of its materials in the way they ought to be grown. Indispensable to the retail florist. 615 pages. **$5.50**

The Cultivated Evergreens, by L. H. Bailey. Authorities call this "the only authoritative book on evergreens." Shows how to use evergreens (conifers and broadleaves) in the landscape; how to plant and how to propagate them; how to control insects and diseases; and how to identify all the species and varieties. 162 illustrations, 434 pages. **$3.00**

Foundation Planting, L. H. Johnson. Just what its name implies, "Foundation Planting" giving the art and science of beautifying by means of plants the immediate frontage of the house, and when conditions serve, its sides and rear as well. Over 200 black and white illustrations showing picture of the house after planting with plans and keys to the actual planting. The most complete work of its kind we have ever seen. In it you will find a plan for most any job. 256 large pages. **$3.50**

Hortus: A concise Dictionary of Gardening, by L. H. and Ethel Z. Bailey. Easy to use, accurate and non-technical, this great book comes closer than any other single volume to answering every question about gardening. It includes every kind of ornamental, fruit and vegetable plant grown today with brief but complete information on their uses, cultivation, hardiness, propagation, preferred soil, color, identification, etc. Common names are used throughout, all botanical terms are defined, and the book is so conveniently arranged and compressed that it is marvelously easy to handle. 35 illus., 652 pages. **$10.00**

The Modern Nursery, by Alex Laurie and L. C. Chadwick. Contains the latest practical information on all phases of plant propagation, culture, and handling. Discusses the location and layout of the nursery, tools, buildings, soils, fertilizers, plant reproduction and propagation with tables showing the method for all plants, cultural practices, storage, packing, grading, office management, marketing, and nursery laws, quarantines, and plant patents. Contains 52 tables, 107 illustrations, 500 pages, fabrikoid binding. An invaluable book for the nurseryman. **$5.00**

The Nursery Manual, by L. H. Bailey. Indispensable to everyone who propagates plants. Contains an extended alphabetical list of plants with full indications under each one for propagation, whether by seeds, layers, cuttings, buds, grafts or otherwise. Given an invaluable account of the main insects and diseases and how to control them. 240 illus., 456 pages. **$2.50**

500 PEONIES $40

WHITE, PINK AND RED

We will select 100 each of five good cut-flower varieties, labeled as to name. These varieties usually sell for a good deal more than this special price.

We are growing over twenty acres of Peonies alone and will quote you very low prices on receipt of your list of wants. We issue a special catalog which will be sent you on request.

Quantity Growers

We are growers for the trade and can furnish many items in large quantities. For instance: we can furnish over 250,000 Boxwood in different sizes, 200,000 Azaleas and many other items in large quantities. More than ten acres are devoted to lining-out stock, five greenhouses and 600 sash being devoted to propagation. We can also furnish specimen stock in many varieties in thousand lots or more. We are mentioning this so that you may know we are in a position to take care of large orders.

Send Us Your Want List

We will certainly appreciate receiving your Want List. We are growing some items not listed herein and can make lower than printed prices on large orders. We want to move our stock.

Visit Our Nursery

We will certainly be glad to have you come and see our stock for yourself. We have many items in too small lots to list. Among them there may be some that you are especially desirous of securing.

We are located on the Eastern Shore of Maryland, about 100 miles south of Wilmington, Del., (take U. S. Route No. 13), and can be reached by good roads from all directions. A road map will be found on last cover page.

Let $100 Earn $1,000

We believe $100 spent in our lining-out stock will increase in value from $1,000 to $1,500 in three years. The increase should be practically the same whether you invest a less or greater amount. By growing the stock yourself you have it on hand so you can let your customers see just what they are buying and you save the freight and packing charges. We will gladly help you make the best selections.
